

LAILA HAYATI

Frontend Web Developer

Banjarmasin, Indonesia | Phone: +62 812-5675-8467 | Email: laiht24@gmail.com

Portfolio: <https://portfolio-lh-nine.vercel.app/>

SUMMARY

An Informatics Engineering graduate specializing in Frontend Web Development. Proficient in building interactive, responsive, and cross-browser compatible web interfaces using JavaScript (ES6+), HTML5, CSS3, and Bootstrap. Skilled in designing user-centric UI layouts and integrating frontend interfaces with backend APIs to deliver seamless user experiences.

EXPERIENCE

PT Swadharma Sarana Informatika – Banjarmasin, Indonesia

Web Developer Intern (September 2025 – November 2025)

- Developed an intuitive, responsive user interface (Frontend UI) for an Out-of-Town ATM Spare Part Stock Monitoring Web Application using Bootstrap and JavaScript.
- Applied Responsive Web Design principles to ensure seamless usability across desktop and mobile devices for field technicians.
- Implemented dynamic frontend features including automatic stock calculation, real-time data filtering, and client-side form validation.
- Integrated user interfaces with backend PHP & MySQL logic to ensure structured and efficient data flow.

EDUCATION

STATE POLYTECHNIC OF BANJARMASIN (2023 - 2026)

Associate Degree (D3) in Informatics Engineering - GPA 3.73

SKILLS
